### Types of Rubber Gloves:

Class	AC Proof Test Voltage	DC Proof Test Voltage	Maximum Use Voltage
00	2,500	10,000	500
0	5,000	20,000	1,000
1	10,000	40,000	7,500
2	20,000	50,000	17,000
3	30,000	60,000	26,500
4	40,000	70,000	36,000

### Testing Procedure Include:

1. Equipment is checked in and a tracking number assigned
2. All equipment is thoroughly cleaned and dried.
3. Once clean the equipment is dielectrically tested\*.
4. Visual inspection follows and if passed is stamped with tested date and sealed in clear plastic bag.
5. Any equipment that fails either test is stamped "rejected" and is either returned or destroyed, per your request.
6. Tracking logs are provided for all of your equipment as well as test history kept on file.

Please call or email for further information and pricing.
